WHY CHOOSE BLOX

These high-quality screens are made using a modular design to fit all requirements and can be installed on any hospital tracking system. Best of all, they are made Down Under, keeping jobs and \$ in Australia.

Lightweight 1.1KG BLOX modules are 2x2m, flame retardant and can be cleaned individually as needed, improving asset management. Silver Ion antimicrobial technology is built into the fibre to ensure life-long efficacy. They contain 50% recycled yarn, are fully recyclable and upcyclable. No landfill!

BLOX is a win for everyone... Patients, facility operators, laundries, staff, our country and our planet!

MOTIVATION BEHIND BLOX

Developing a non-disposable privacy curtain has been our passion for over 18 months. So, what motivated behind this? The concern and distress that the various Governments who espouse 'jobs, jobs, jobs' and condemn the use of plastic bags, are demonstrating an incredible hypocrisy!
